

# Memorandum

February 7, 2014

---

**TO:** Sausalito Housing Element Subcommittee

**FROM:** Geoff I. Bradley, AICP Principal, Metropolitan Planning Group  
Dave Javid, AICP, LEED AP, Principal Planner, Metropolitan Planning Group  
Karen Warner, AICP, Principal, Karen Warner Associates

**SUBJECT:** **Zoning Text Amendments for Special Needs Housing**  
*Sausalito 2009-2014 Housing Element Program #21*

---

## **BACKGROUND**

Sausalito's adopted 2009-2014 Housing Element sets forth Program #21 *"Zoning Text Amendments for Special Needs Housing"* to bring the City into compliance with State statutes by making various Zoning Ordinance provisions for special needs housing. The following summarizes the State requirements to be implemented through these Ordinance revisions.

In 2007, the State enacted legislation commonly referred to as Senate Bill 2 (SB 2). This legislation requires local agencies to address housing needs for homeless populations in their communities. Generally, SB 2 specifies that at least one zone in a city or county be identified where "emergency shelters" are a permitted use without a conditional use or other discretionary permit, subject to development and management standards permitted under Government Code Sections 65582, 65583 and 65589.5. Additionally, the jurisdiction must demonstrate that there is sufficient capacity within the designated zone to accommodate the current need for emergency shelters as identified in the Housing Element.

SB 2 further requires that a jurisdiction's Zoning Ordinance specify that "supportive housing" and "transitional housing" be considered a residential use of property, subject to the same standards as other residential uses of the same type in the same zone.

While not specified within SB 2, Government Code Section 65583 also requires jurisdictions to provide zoning for a variety of housing types, including "single room occupancy units", commonly referred to as SROs.

## **PURPOSE**

In compliance with Government Code Sections 65582, 65583 and 65589.5, and as specified under Program 21 of Sausalito's adopted Housing Element, the City is preparing a draft Ordinance (Attachment 1) to amend Title 10 (Zoning) of the Sausalito Municipal Code. The ordinance will establish definitions, approval requirements and development standards for emergency shelters, transitional and supportive housing, and single room occupancy units within the City. A comparison matrix (Attachment 2) is provided which compares Emergency Shelter regulations adopted in other Marin County jurisdictions, as well as two southern California jurisdictions with socioeconomic characteristics similar to Sausalito.

The City's adopted Housing Element designates the Public Institutional (PI) Zoning District as the zone in which Emergency Shelters will be principally allowed, subject to the specific use standards to be adopted by the City. An inventory and map of all parcels zoned Public Institutional (PI) is provided as Attachment 3; the Subcommittee may consider creation of a Special Needs Overlay within the PI zone to designate a subset of PI sites where emergency shelters would be permitted.

## **RECOMMENDATION**

Provide staff and the consultants with comments on the attached draft Zoning Text amendments for Special Needs Housing for consideration by the Planning Commission in their review of the Ordinance.

2 Draft 01.30.14

## 3 4 CHAPTER 10.88 - DEFINITIONS

5 **Add the following definitions to Section 10.88.040 of the Municipal Code:**

6 "Emergency shelter" means housing with minimal supportive services for homeless persons that  
7 is limited to occupancy of six months or less by a homeless person. No individual or household  
8 may be denied emergency shelter because of an inability to pay. (*Health and Safety Code*  
9 *Section 50801(e)*)

10  
11 "Transitional housing" and "transitional housing development" means buildings configured as  
12 rental housing developments, but operated under program requirements that call for the  
13 termination of assistance and recirculation of the assisted unit to another eligible program  
14 recipient at some predetermined future point in time, which shall be no less than six months.  
15 (*Health and Safety Code Section 50675.2(h)*). The housing may take several forms such as group  
16 housing and multi-family units and may include supportive services to allow individuals to gain  
17 necessary life skills in support of independent living.

18  
19 "Supportive housing" means permanent affordable housing with no limit on length of stay that  
20 is occupied by the target population as defined in the Health & Safety Code Section 53260(d),  
21 and that is linked to on- or off-site services that assist the supportive housing resident in  
22 retaining the housing, improving his or her health status, and maximizing his or her ability to live  
23 and, when possible, work in the community. (*Health and Safety Code Section 50675.14(b)*)

24  
25 "Target population" means adults with low income having one or more disabilities, including  
26 mental illness, HIV or AIDS, substance abuse, or other chronic health conditions, or individuals  
27 eligible for services under the Lanterman Developmental Disabilities Services Act (Division 4.5 of  
28 the Welfare and Institutions Code, commencing with Section 4500) and may, among other  
29 populations, include families with children, elderly persons, young adults aging out of the foster  
30 care system, individuals exiting from institutional settings, veterans, or homeless people.  
31 (*Health and Safety Code Section 53260(d)*)

32  
33 "Single Room Occupancy Housing" (SRO) refers to a residential facility where individual  
34 secure rooms are rented to a one or two person household. Rooms are generally 150 to  
35 375 square feet in size and include a sink, closet and toilet, with shower and kitchen  
36 facilities typically shared. SRO units are rented to tenants on a weekly or monthly basis.  
37

1 **CHAPTER 10.44 - SPECIFIC USE REGULATIONS**

2 ***Add the following standards for homeless shelters in compliance with Sausalito's Housing Element and***  
3 ***State Law:***

4  
5 **10.44.350 Emergency Shelters**

6 A. Purpose. Emergency shelter standards are intended to allow temporary shelter (six  
7 months or less) to be provided to homeless persons or others in need of shelter, while  
8 ensuring the shelter is operated in a manner that is compatible with surrounding areas. The  
9 purpose of this chapter is also to comply with Government Code Section 65583 relating to  
10 emergency shelters.

11  
12 B. Applicability. Emergency shelters shall be a permitted use on parcels within the Public  
13 Institutional (PI) zoning district.

14  
15 C. Development Standards. The following development standards shall apply to emergency  
16 shelters:

17 1. Property Development Standards. The shelter shall conform to all property  
18 development standards of the zoning district in which it is located except as modified  
19 by these performance standards.

20 2. Shelter Capacity. An emergency shelter for homeless persons shall contain no more  
21 than twenty beds and shall serve no more than twenty persons nightly.

22 3. Parking. On-site parking for residents shall be based on one space for every four  
23 beds, and staff parking shall be based on one space for each employee on the  
24 maximum staffed shift.

25 4. Lighting. Adequate external lighting shall be provided for security purposes. The  
26 lighting shall be stationary and designed, arranged and installed so as to confine  
27 direct rays onto the premises and to direct light away from adjacent structures and  
28 public rights-of-way. External lighting shall be of an intensity compatible with the  
29 neighborhood.

30 5. On-site Waiting and Intake Areas. An interior waiting and intake area shall be  
31 provided which contains a minimum of 200 square feet. Waiting and intake areas  
32 may be used for other purposes (excluding sleeping) as needed during operations of  
33 the shelter.

34  
35 D. Common Facilities. The development may provide one or more of the following specific  
36 common facilities for exclusive use of the residents and staff:

37 1. Central cooking and dining room.

38 2. Recreation room.

39 3. Laundry facilities to serve the number of occupants at the shelter.

40 4. Other uses that are considered ancillary to the primary use such as office and  
41 storage.

E. On-site Staff. At least one manager shall be on-site during all hours of operation of the facility. Such manager must be an individual who does not utilize the shelter's beds or other services and who resides off-site. The manager must be accompanied by one supporting staff member for every 15 beds occupied in the facility. **Note: not 24 hour - only open overnight.**

F. Security. Security personnel shall be provided during operational hours whenever clients are on the site. A security plan shall be submitted to the City prior to issuance of a certificate of occupancy.

G. Concentration of Uses. No more than one emergency shelter shall be permitted within a radius of 300 feet of another emergency shelter.

H. Emergency Shelter Operations. The agency or organization operating the emergency shelter shall comply with the following requirements:

1. Length of stay. Each emergency shelter resident shall stay for no more than 90 days (cumulative, not consecutive) in a 365 day period. Extensions up to a total stay of 180 days in a 365-day period may be granted by the shelter provider if no alternative housing is available.
2. Management Plan. The provider shall have a written management plan which addresses: hours of operation, admission hours and process, staff training, neighborhood outreach and privacy, security, resident counseling and treatment, maintenance plans, residency and guest rules and procedures, and staffing needs.
3. Annual report. The provider shall provide an annual report of the use of the facility and determination of compliance with the City's development standards for the use.
